

# PROSIGN F460

CE

« Very high-yield road marking equipment, extremely easy to handle and provides excellent coverage rate control. »

## ON-BOARD CAPACITY

### PAINTING

460 l

### BEADS

440 l

## ADVANTAGES

- Particularly well-suited to work on major linear projects thanks to its **high on-board product capacity**
- Equipped with **4 wheel-drive** for perfect manoeuvrability, including on traffic islands and roundabouts
- Can be used with single or double beading
- User comfort: **quiet driver's cab** (noise level < 70db)
- **Modulator with display screen and advanced functions**: manage several markers, precise paint flow, etc.
- Unobstructed view of nozzles for easy application control
- Stainless steel equipment for use with all types of road paints
- Engine compliant with the new European Stage 5 anti-pollution standard
- Machine complies with EC directives

## SOCIAL AND ENVIRONMENTAL **BENEFIT**

- **CIRCULAR ECONOMY**  
Over 95% recyclable
- **WASTE REDUCTION**  
Systematic recycling of production waste
- **AIR QUALITY**  
Stage V-compliant engine with particulate filter
- **MADE IN FRANCE**  
Made in the Hauts-de-France region

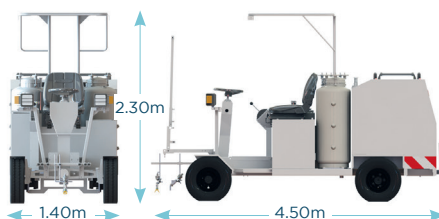

AXIMUM

## TECHNICAL CHARACTERISTICS

Airless application machine with fixed chassis.

- Empty weight: 2,740kg
- Laden weight: 4,200kg
- Speed: 0 to 25km/h
- Hatz Stage 5 diesel engine
- Power: 73.6hp at 2,000rpm

- Transmission: hydrostatic drive
- Noise level: 68dB at the driver's cab
- Fuel tank capacity: 90l
- Paint pump flow rate: 27l/min
- Compressor capacity: 225l/min
- Edge marking radius: 2.50m
- Turning circle: 4.10m

## EQUIPMENT/OPTIONS

	Basic version	Optional
Guide	Motorised lifting guide arrow	
Modulator	Electronic modulator	
Paint tank	1 tank of 460l (≈700kg) with mixer	
Bead tank	2 tanks of 220l (≈700kg)	Bead filling pump kit
Paint spray nozzles	1 for road centre 1 for edges	Manual nozzle on roller Attached nozzles Motorised hydraulic lift for edges
Ball nozzles	1 for road centre 1 for edges P2B kit	Attached nozzles
Safety	Triflash / 2 flashing lights / No-pressure brake	Specific equipment on request
Miscellaneous	Rear platform	Premarker

## MAINTENANCE & SERVICING

- Our workshop carries out all maintenance operations to optimise your warranty conditions
- Maintenance contract adapted to your use of the equipment: contact us
- Express spare parts delivery service: call 03 44 44 84 25
