VERTICAL SIGNAGE ► POLICE SIGNS

POLICE ADVANTAGE

A range of sleek police signs with open backs and 2 versions to suit all environments. ►►

ADVANTAGES

► USAGE

- Impact-resistant panels for optimum user safety: crimped face and lateral band ensuring panel durability
- Easy, safe installation and handling: rounded lines for a safe grip
- Easy to install: horizontal and vertical adjustment of the panel on the mount using the attachment rails on the back of the panel
- Adaptability of the panel to its environment: back-to-back and offset mounting possible
- Can be adapted to urban design: ability to customise the colour of the back and/or lateral band
- Environmentally-friendly products thanks to highly recyclable materials

► MOUNTS

Several installation mount options:

- TR/TC type mount
- Fluted pole mount
- Specific mount

TR80x40 Disc Mount

THE SOCIAL AND ENVIRONMENTAL BENEFIT

- **SOCIAL PARTNERSHIP**
Components made by disabled adult workers in an ESAT disability integration workshop
- **SAVED RESOURCES**
Maximum reduction in residual waste
- **ENERGY SOBRIETY**
Laser cutting line running on compressed air without filler gas, LED wallpaper printer reducing energy consumption by 75%
- **MADE IN FRANCE**
Produced in the Centre-Val de Loire region

AXIMUM**MANUFACTURED
IN FRANCE**
