

DELINEATORS DELI TOP & DELI ONDE

Déli Onde

Déli Top

A range of CE, trapezoidal or rectangular reflector brackets that help guide motorists at night, designed to fit perfectly and above all simplify fitting to the TR16 cover bolts on CE and NF A-profile barriers. 

ADVANTAGES

USE

- **Durability** ensured by its design and positioning, fully protecting it in the trough of the barrier
- Highly resistant thanks to its galvanised steel structure
- Excellent **night visibility**: R2 class 2 retroreflection in accordance with CE standard
- Quick to install directly on the bolt of the barrier spacer
- Available in **single-sided and double-sided** versions to suit all types of roads
- Available in several colours

SOCIAL AND ENVIRONMENTAL BENEFITS

- **SOCIAL PARTNERSHIP**
Products assembled, filmed or manufactured by the employment support company Le Royale 84
- **MADE IN FRANCE AND EUROPE**
Metal bracket made in the Auvergne-Rhône-Alpes region
Reflector made in Germany
